SEVERAL GOVERNORS.

They Will Be Gen. Corbin's Guests During Military Maneuvers.

The Military Attaches of the Governments of Spain, Russia, Germany, England, Turkey, Mexico and France Will Be Entertained.

Gainesville, Va., Sept. 2.—Squadrons of cavalry bivouacked Thursday night throughout the maneuver zone. The search for position is growing keen, and both the Seventh cavalry, at Thoroughfare, who are to be a part of the "Brown" army in the maneuvers, and the 15th, at Manassas, who are to wear the blue, are remaining away from camp, that they may have the benefit of the entire day Friday in their study of the country.

The conference in Gen. Corbin's tent Thursday was participated in by both division commanders, Grant and Bell, and the four brigade commanders of each division, Col. Wagoner, chief umpire, and Gen. Corbin's staff officers, settled all open questions. The opposing commanders wanted to know the minute they will be allowed to move when the first problem is declared on. The time was fixed at midnight of the 5th.

There is to be no declaration of victory by Col. Wagoner, the chief umpire. The result of the day's operations are to be summed up by the umpires as accurately as possible and a statement made giving the disposition and use of forces made by each side. This is as near a determination of a military contest as is practicable where blank cartridges are used in lieu of lead.

The commercial telephone and telegraph wires are not to be used for the transmission of information by either side, the supposition being that in actual warfare these means of communication will be destroyed.

During the maneuvers Gen. Corbin is to entertain the military representatives of several governments at headquarters camp, the governors of eight states and other distinguished guests. Each guest will have a tent, in which has been placed a small room, a chair and a tent table, with bucket, wash basin and tin cup. The military attaches are Col. Monte Verde, Spanish; Col. Raspopoff, Russian; Col. Foster and Maj. Williams, English; Col. Alta Mira, Mexican; Col. Aziz Bey, Turkish; Maj. Von Etzel, German, and Capt. Fournier, French.

Governors of the following states will be visitors to Gen. Corbin's camp during some portion at least of the maneuvers: Connecticut, Massachusetts, West Virginia, Georgia, Vermont, Maryland, South Carolina, and New Jersey. Each governor will be accompanied by two aides.

Humphrey, quartermaster general, for his action in turning into the United States treasury the sum of \$423,000 as "unexpended balance" of the appropriations for the last fiscal year, when, as stated at the war department, the money was actually needed to meet necessary expenses for army transportation and other work of the quartermaster's department.

LIAO YANG CAPTURED.

The City Occupied by the Japs Sunday Morning.

Gen. Kuropatkin's Army Retreated to the Northeast—Gen. Stakelberg's Corps, Reported Cut Off, Has Been Safely Extricated.

New York, Sept. 2.—Thursday's news from the seat of war closed with the receipt of two dispatches, giving information of a most significant character as bearing on the domination of Manchuria at the close of the present campaign.

The first came from the press correspondent at St. Petersburg, filed there at 10:16 p. m., and said that Gen. Kuropatkin had withdrawn his whole army to the north bank of the Taitse river, so as to meet Gen. Kuropatkin's flanking movement. The inference drawn from this dispatch was that Liao Yang had been evacuated, that city lying on the left or south bank of the river.

New York, Sept. 3.—The lack of definite information from the seat of war continues up to Saturday morning and nothing further regarding the situation at Liao Yang is known beyond the fact that Kuropatkin has withdrawn the main portion of his forces to the north of right bank of the Taitse river and that, according to the latest advices, the action is still in progress.

Dispatches from both Russian and Japanese sources indicate that the troops on both sides are jaded and weary after the many days' fighting, and it is pointed out that in consequence a temporary lull in the active struggle would not be surprising.

A dispatch received at Tokio says that great fires are raging at Liao Yang, believed to result from Japanese shelling or from the efforts of the Russians to destroy their stores preparatory to the evacuation of Liao Yang with the additional hope of injuring the city as a future Japanese base.

The opinion prevails in the Japanese capital that the Russian casualties in the recent fighting will reach 30,000, while the Russian losses of August 31 and September 1 are given in official reports as 5,000 killed or wounded.

New York, Sept. 5.—The only direct news from the seat of war bearing Sunday's date came by way of Tokio is a report from Field Marshal Oyama, saying that Liao Yang fell completely into the hands of the Japanese at 9 o'clock that morning; that the Japanese casualties were believed to be heavy, and that nothing was known by the Japanese concerning affairs on the right bank of the Taitse river.

The only comfort for the Russians at home was the news, conveyed in a report from Gen. Kuropatkin, dated Saturday afternoon, that Gen. Stakelberg's First Siberian army corps of 25,000 men, reported Saturday as having been cut off to the westward of Liao Yang, had been safely extricated, and that the corps has succeeded in joining the main Russian body on the right bank of the river, but no details of the escape of Stakelberg are known. Gen. Kuropatkin also reported that the greater portion of his army was, at the time of filing the report, south of Yental (ten miles northeast of Liao Yang) and a few miles from the Yantal mines, where fierce fighting had been in progress.

It is indicated that there has been a cessation of the fierce fighting. Kuropatkin reports that his men were not being much interfered with by the Japanese in the neighborhood of his army.

It was reported in St. Petersburg Sunday night that Kuropatkin had arrived at Tieling, which is ten miles north of Yental, and 18 miles south of Mukden.

London, Sept. 5.—The Chefoo correspondent of the Daily Chronicle, in a dispatch dated September 3, says that 14 regiments will leave Tokio during the week to replace the men lost outside Port Arthur alone. The losses at this point are estimated at 25,000.

The details of the tragic struggle between Oyama's and Kuropatkin's forces do not deter British critics from repeating the vital question, "Has Kuropatkin made good his retreat?" With all the official news before them, the experts here seem half inclined to believe that the Russian commander has achieved what was thought to be the impossible, namely, headed off an envelopment.

That the Japanese, with superior numbers and the choice of time for aggression, would inflict severe losses, was taken for granted. The occupation of Liao Yang with enormous Russian casualties, and the evacuation of fortified positions, are regarded here as merely incident. Though it is recognized that the week's battle which they fought must take its place as one of the bloodiest in ancient or modern history, yet if Kuropatkin reaches Mukden with a potential remnant of his army, Oyama's effort will, in English eyes, be regarded more or less as a fruitless sacrifice.

Russian Generals Promoted.

St. Petersburg, Sept. 5.—Maj. Gens. Alexiiff, Rennenkampf, Cerngross and Pock, have been promoted to lieutenant generals for distinguished services in the face of an enemy, and Lieut. Gen. Linevitch has been made a general of infantry.

THE STRIKE CALLED OFF.

New York Packing Plants Will Run On an Open Shop Basis.

New York, Sept. 5.—Discussing the calling off of the beef strike here, a representative of the United Dressed Beef Co. said Sunday that it would take a little time to provide places for all of the strikers to whom they could give positions. There would have to be a weeding out of all but the competent men.

"In calling off the strike," he said, "the men go back to work on the open shop basis. That is understood, and no walking delegates will be allowed to enter the plants."

Chicago, Sept. 5.—The return to work of the 3,500 strikers in New York City will have no material effect upon the general situation in the stockyards strike, according to President Donnelly, of the butchers' union. In an address Sunday afternoon before an audience composed of 5,000 strikers and their friends, Mr. Donnelly declared that despite the desertion of the New York members of the union, he would make no change in his plans to tie up the meat industry of the country this week.

RIOTOUS SCENES.

Switches Torn Out and a Meat Train Held Up in Chicago.

Chicago, Sept. 5.—Four switches on the Chicago Junction tracks, in the vicinity of the stockyards, were torn out Sunday night, singals, track and all, by some unknown persons in an effort to wreck trains carrying meat from the packing plants. The absence of the switchlights was discovered in time, however, to prevent an accident, and a guard of policemen was placed along the tracks to prevent any further attempt at train wrecking.

Earlier in the day a meat train was held up in the same spot, and one car was derailed and its contents confiscated by a mob of several hundred men, who flocked to the place as soon as the accident occurred.

SENATOR CLARK.

Denies the Story That He Was Assaulted at Missoula, Mont.

Butte, Mont., Sept. 5.—A story having been widely published to the effect that Senator Clark, of this state, had been assaulted in Missoula, and had sought protection in a hotel, Senator Clark has authorized a press representative to make a denial of the story. In a signed statement Senator Clark says:

"The story was an unwarranted perversion of the facts. Mr. Geoffrey Lauzier and Mr. Wethey were with me, and they will confirm my statement that the man did not speak a word to me, and that I did not speak to him. He addressed his remarks solely to Mr. Wethey. That I ran into the hotel asking for help is false."

BATTLE WITH HUNTERS.

A Special Policeman Killed and His Brother Fatally Injured.

Chicago, Sept. 5.—In a battle with five hunters, whom they mistook for thieves, in the yards of the Chicago & Alton railroad at Corwith, Ill., late Sunday, Joseph Burns, a special policeman, was shot and killed, and his brother, Peter Burns, was fatally injured. The Burns brothers, it is said, ordered the hunters, who were walking along the tracks, to go away from the property of the railroad, and when the latter failed to comply promptly with the request, the two watchmen opened fire with their revolvers. The fire was returned by the hunters, who carried shotguns, and the two officers were hit by the first volley.

FROM MISERY TO HEALTH.

A Prominent Club Woman, of Kansas City, Writes to Thank Doan's Kidney Pills for a Quick Cure.

Miss Nellie Davis, of 1216 Michigan Ave., Kansas City, Mo., society leader and club woman, writes:

"I cannot say too much in praise of Doan's Kidney Pills, for they effected a complete cure in a very short time when I was suffering from kidney troubles brought on by a cold. I had severe pains in the back and
